SWOT ANALYSIS

Strengths and weaknesses assessment

STRENGTHS

+ Restored midfield control post-De Bruyne via Reijnders + Cherki creativity (FBref)
+ Tactical flexibility — multiple formations mid-game
+ Haaland clinical finishing (26 goals, +3.6 vs xG, FBref)
+ Squad depth — won EFL Cup, into FA Cup final
+ Aït-Nouri left-side dynamism on overlaps

WEAKNESSES

– Slow start to season (no CL — failed to qualify from league phase)
– Vulnerable to pace on counter-attacks (10 transition goals conceded, Football-
– Over-reliance on Rodri for midfield control
– High defensive line exploitable with long balls behind
– Cherki defensive work rate creates imbalance vs press-resistant teams
